PORSCHE UBER ALLES

Season's Greetings to all! May you find a new Porsche in your Christmas stocking (without a payment book).

Our apologies to those of you who did sign up for the tour to Grayling. We had a conflict with a major speed event and didn't have enough people to warrant the tour.

We did have 7 local Porsches out to the SCCA Solo II event including 6 PCA'ers.

Pete Goodspeed and Marv Haverman ran in "A" Unprepared class and though it was Mark's first event, he beat those plastic Corvettes. Congratulations!

Dan Dixon finished 2nd in Four Cylinder Unprepared beating out veteran driver Pegi Holcomb. Warren Holcomb and Bill Moses combined their respective engine and Speedster body and drove the combination to 1st and 5th place.

The following week at Johnson Park Hillclimb, Dan and Warren retained their 2nd and 1st in respective class, and a non-PCA 914 took a 4th.

This is my last newsletter to you, and it is with a great deal of pride that I announce the candidates for the board and our annual banquet.
