HOW XIII WMR XXV

THE PIG LOST!!

The event actually started June 14 around 3:00 pm when I went to Caledonia to pick up the pig. Lance was not available so I was on my own. At 4:00 I was at Mr. Snyder's farm wondering how to fit the pig in my Ford Escort. Thanks to a couple of guys that just happened to be there I was ready to go by 4:30. I have no idea how it happened, but I managed to get lost on the way there and also on the way back. (the second time I ended up by someone's private drive of 92nd St.)

**BY JUANITA
WEERSMA**

Lance Weersma, Judy and Phil Cull, Jerry De Frell and Marci Thieme enjoy the feast!! Pig Out!!

Once I made it home, Lance and I took it (the pig) to my uncle's home to put some kind of seasoning on it. Those of you who made it to the event got a tasty piece of meat!!!

The rainy weather we had June 15 did not stop WMR/PCA from having our scheduled event. It all started when Jerry De Frell & Susan Sanders, Doug & Marcie Tepper, Paul & Marci Thieme, and Phil & Judy Cull showed up for the scavenger hunt. I give them credit for doing so - it poured.

They brought their grocery sac and at 2:00 pm off they went to collect the things we asked for. We gave them 2 hours to play, and get wet. And believe it or not they all made it back my 4:00 with almost all the items needed.

Points were given for the items and also for each mile they put on the car (1 point per mile). To make a long story short - Paul & Marci Thieme took first place.. Congrats!!! Trophies were also

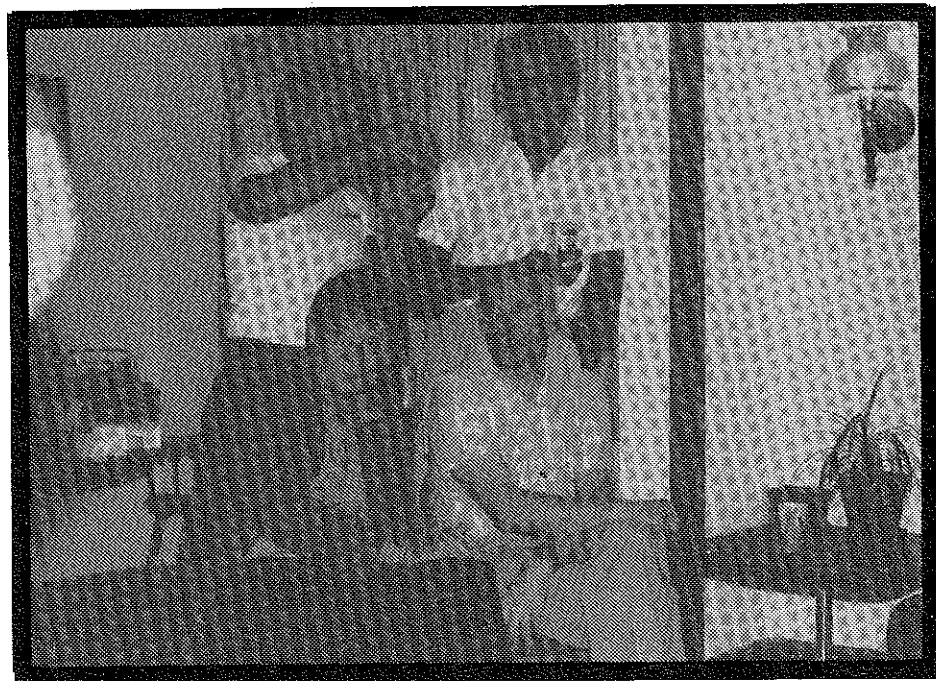

given for 2nd and 3rd place. Paul & Marci can relax - we won't tell where the items came from.

4:00 pm was time for dinner and if I must say so myself those who came had a good meal. Afterwards most people sat around and enjoyed eclair dessert and almond bars while

watching a professional IROC series race that was held at Mid-Ohio June 8th. (We had taped the race from an earlier broadcast on TV.)

Thanks to the 22 persons that attended and special thanks to Debbie Tuckey, Judy Cull, and Marcie Tepper.

Last but not least- thanks to my husband Lance for all his help on the food preparation. I would chair another pit roast/scavenger hunt again, but with a small change on the way it was done - someone else can go and pick up the pig!!!

CONGRATULATIONS!

For those of you who have not signed up for HOW yet, you will find entry registration forms on the next few pages. Either copy them, or send the pages themselves completed to the appropriate addresses. Our Concour chairperson Kirt Wirth has supplied all the rules for the judging, published in this issue of Uber Alles. As you can see, there is no good reason not to enter.

We would like to take this opportunity to thank those businesses who have already contributed their support to Holiday On Wheels in the way of donations of door prizes, trophy sponsorship and other contributions. From this list you will also have a hint as to the wonderful prizes to be awarded, goodies in your goody bag and other fun things.

Grattan Time Again *

by Rick Riley

On October 5th and 6th, 65 good drivers will have the opportunity to test their Porsche, their skill and last but not least their ba-- , let's say their intestinal fortitude. For on October 5th and 6th Western Michigan Region of Porsche Club of America will sponsor in conjunction with B.F. Goodrich and B & B Beer (local distributor of Lowenbrau) two days at my favorite race track-- Grattan.

I am not sure who said it first, but I am sure it wasn't me: If you can drive Grattan Raceway well, you can drive any race track! I have often thought I would like to meet the man who's devious mind thought of the track layout of Grattan. With its 1.9 miles of constant high speed turns, off camber, down hill turn, blind apex, elevation changes, banked curv, high speed off camber turn, hair pin and last but not least a high speed up hill blind apex into the most important turn on the entire race track - turn 9 - the entrance to the half mile main straight.

"Every" type of driving situation you will ever encounter on a race track is in the 1.9 miles of Grattan. And for the mere pittance of \$55.00 for a single driver, you too can experience this fantastic race track.

The event is going to be the ultimate in fun, excitement, safety, and relaxation. West Michigan Turn Marshalls are going to provide professional corner marshalls, trained in removing people from the most dangerous situations and many other facets of emergency procedures on a race track. The heart of their skills is communication by radio and flags, and it will be necessary for all of you to understand and obey their signals and commands. The other benefit

of the turn marshalls is that no corner working will be necessary by any of the participants. Pay your money, run your car and enjoy the day--no work. So if you really enjoy running on an unobstructed race track and want the same professionals watching over your safety that the Formula 1 drivers use, pre-register for Grattan by September 15th or you will have to settle for listening to stories of how good a time everyone else had!!

SAAB HAS MORE CARGO SPACE THAN BMW, AUDI, AND VOLVO. COMBINED.

Four of Europe's most desirable sports sedans have the following amounts of cargo space: Saab 3-door, 56.5 cubic feet; Audi 5000, 16.0 cubic feet; Volvo GLT Turbo, 13.9 cubic feet; BMW 733i, 22.5 cubic feet.

As you can see, Saab has more cargo space than all three of the others. As you can imagine, Saab is a lot more useful than any of the others when you pack up the summer house, provision your boat, load up sporting gear for a long weekend, or make an impulsive purchase at a tag sale.

Of course, only the Saab has a rear seat that folds down, so the others may claim that it has an unfair advantage.

That's right. It does have.

SIX PAC TO GO

Dear Mr. Six-Pac: I'm a Citroën 2CV looking for respect. Lately a lot of magazines have run stories about me. I may become the next cult car. Actually I've been looking for a garage in your neighborhood. Do you know of any garage available? Signed Charlie Citroën.

Mr. Citroën: Not to sound prejudice. I helped a 2CV move out of my neighborhood. A friend of mine told me just how fast you guys are. He told me you're quite quick falling off cliffs. As far as garages in my neighborhood, they are all full at the moment (thank GOD).

Hay Sixer: I'm an early model Saab 5 door that saw you up in Big Rapids. You moved so good through the pylons. How can I move that good? Signed SAAB 99

O.K. 99 : First of all we got to do something about those dragging mud flaps. I haven't seen mud flaps on a car since the old 55 Mercury's. Probably produce too much drag to pull around - Second, five doors? We can always turn the lift back door into an air brake, or whale tail. But the back two have to go. Last, but not least, ya got to pay off the corner workers to open the cones more when you're going out for your timed runs. Works every

22time.

Dear Sixer: I'm a late model Camaro competing in CSP. After watching all you Porsches competing in Big Rapids, I just got to know. How can I get through the pylons like you guys? Signed Pylon Marked.

Dear Marked: Getting through the pylons is easy for us. For you it's another story. I would suggest you get your mother to throw you into the laundry, then into the dryer. Maybe you'll shrink. Good luck.

5155 NORTHLAND DRIVE, N.E. ■ GRAND RAPIDS, MICH. 49505

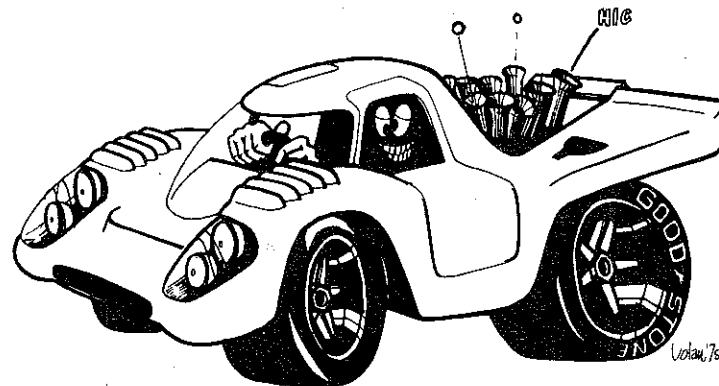

SPA EMPORIUM
PLAINFIELD & EAST BELTLINE, N.E.

Dear Six-Pac: I have been unable to move for almost a full year. A quick phone call to you provided an emergency donor part. It was jettied to O'Hare Airport, and delivered into the skilled hands of Dr. Rusty Jones Bohlander, who, for four tense hours, performed emergency surgery. Following the doctor's advise, my owner nursed me through post-op intensive care administering Kendall Racing Oil IV's. My recovery was quick, and just this last Saturday I was once again able to move, getting the old ticker up to 7000 RPM's. You are a true friend, SIX-PAC, especially in my hour of need. Praise the Lord for your benevolence, for you saved my life.
Signed Born Again FIRMVI

Dear FIRM VI: Now ya got no excuse not be at H.O.W. this coming August 31 and September 1st. See ya there ol' buddy.

Special Note: Old SIX-PAC wants to see all you Porsche Pushers out there this coming Holiday on Wheels. It's Western Michigan Region's 25th Anniversary and they're planning a real shin-dig. Good times for all. Be there or Be Square "THE SIXER"

- c. The specific use of non-factory replacement parts, and/or accessories, will not in itself become cause for a reduction in points. The parts in question will be judged on the same basis as the rest of the car.

In addition to the point system specified by the PCA/WMR region, the following criteria for age points shall apply:

AGE: One point per year after the first three model years to a maximum of ten points. 1985/1984/1983 = 0 points. 1982 = 1 point, 1983 = 2 points, 1980 = 3 points, 1979 = 4 points, 1978 = 5 points etc.

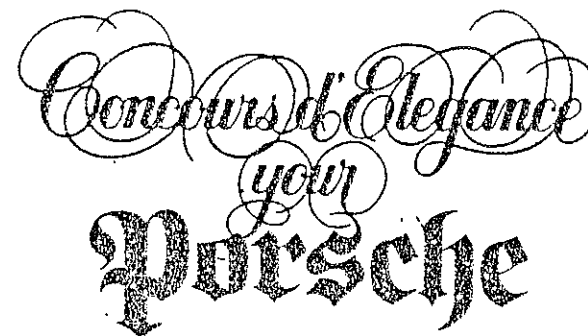

IV. SPECIAL CONSIDERATIONS FOR 13th HOLIDAY ON WHEELS CONCOURS EVENT

- A. At this annual event, it is necessary to provide a method of overall scoring which allows combining of three event (con-cours, Rallye, Autocross) scores to determine the recipient of the Uber Alles Award for Excellence.
- B. Only those cars entered in Concours Classes A or B shall be eligible for the Uber Alles Award. Classes C and D are not eligible and will not be scored for overall.
- C. Only those Class A or B cars entered for overall will be scored for overall.
- D. All overall entries from Classes A and B will be awarded over-all points by the following method:

$$\frac{\text{Concours Points}}{\text{Available Points}} = \text{Percentage of Attainment}$$

The car with the highest percentage of attainment will be the overall Concours winner and will be awarded 100 over-all points. All remaining overall entries will receive proportional overall points based on percentage of attainment.

$$\frac{\text{Individual \%}}{\text{Winner \%}} = \text{Overall Points}$$
