*Carrera  
Commentary*

WMR sure has a lot going on this time of year. By the time you read this, the IROC season will be completed. October 3rd is our Grattan Drivers School. Then comes the SCCA Ionia event. Suppose they will have rain also? At least we were able to have an event!! As a point of interest - Rick Riley holds the record for A/S class (stock in his 911 Carrera 1975) at 51.17., and also the A/SP (street prepared) in the same car of 50.60. Peggy Wagner's record in a 914 2.0 is 55.40. As you know from the IROC times (see this issue) we could very well go out there and rewrite the record books in all classes for our Porsches!! Is it tires, or the cars themselves - or maybe the drivers. Let's give them a run for it. Several of us have already run 2 events there this season alone.

Enjoy this Ubers, as it will be a while before the next one. Due to vacation schedules, the November and December issues will be combined, and will be mailed shortly after the November board meeting. At this "brainstorming" session at the Riley's Nov.4th, the 1988 goals will be established, and the new officers will be announced. If you have any ideas for the next year, or want to become more involved with the club - please attend. Or if you really don't know what we are all about, and are curious, this is a good meeting to attend and get in on the planning for 1988. Those of us who have been at the heart of the club would welcome some new ideas and fresh blood.

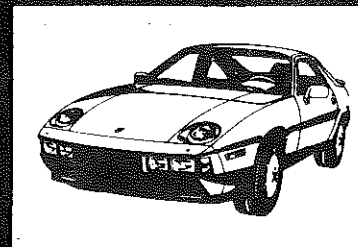

Be sure to watch the Indy Cart Race from Leguna Seca on Oct. 11th. The Porsche CART car should be running for the first time in this race, with Big Al Unser driving. Ubers will have a full report for sure.

Also, please send in your ballot soon - don't forget. Your vote is important. Don't assume that no news means you agree - every ballot counts. Also a good time to include your ideas for the next year if you can't make the November meeting.

I am still looking for a replacement for the job of Editor for this fine magazine. Remember, Ubers doesn't have to look like this. Many clubs have a 'newsletter' in the truest sense - which is just 4 or 5 pages stapled together and mailed out - chock full of news and reports. I am happy to work with the new editor, and make a smooth transition. Please - call me!!!!

Nominal Group Technique:  
An Applied Group Problem  
Solving Activity

We are again planning nominal group sessions for the November board meeting. The purpose of this meeting is to determine a course of action for the officers of 1988. To accomplish this the nominal group technique is used to allow members to create a prioritized list of tasks/goals for the up coming year. The advantages of this technique are:

- I. To increase creativity and participation in group meetings involving problem-solving and/or fact-finding tasks.
- II. To develop or expand perception of critical issues within problem areas.
- III. To identify priorities of selected issues within problems, considering the viewpoints of differently oriented groups.
- IV. To obtain the input of many individuals without the dysfunction of unbalanced participation which often occurs in large groups.

This process will focus on "problem-centering" rather than "solution-finding". The "problem" is to find out what the members would like to see the club do next year. The outline for the process is:

- Introduction and form two groups
- Silent idea generation
- Round-robin recording of ideas
- Ranking of ideas and recording of ranking
- Return to one group and rank from the top 10 ideas from each group

## SAAB HAS MORE CARGO SPACE THAN BMW, AUDI, AND VOLVO. COMBINED.

Four of Europe's most desirable sports sedans have the following amounts of cargo space: Saab 3-door, 56.5 cubic feet; Audi 5000, 16.0 cubic feet; Volvo GLT Turbo, 13.9 cubic feet; BMW 733i, 22.5 cubic feet.

As you can see, Saab has more cargo space than all three of the others. As you can imagine, Saab is a lot more useful than any of the others when you pack up the summer house, provision your boat, load up sporting gear for a long weekend, or make an impulsive purchase at a tag sale.

Of course, only the Saab has a rear seat that folds down, so the others may claim that it has an unfair advantage.

That's right. It does have.

# IROC<sup>2</sup>

The appropriate T-shirt for IROC 2 could very well have read "If I only had just one more DRY run.". Showers late in the day did end any chance of us bettering our previous times, but most of the event was dry, and we all had our opportunity to "go fast".

Everyone who attended deserves a large "thank you", because everyone helped out by either working at registration, tech, starting, working a corner, the finish line, timing or the buffet that followed. All your help was truly needed and appreciated.

But in all the commotion over the trophy presentation and delicious buffet thrown by Steve and Linda Williams, a number of awards were overlooked...

Anything for a laugh award — To Lori Riley — for bumping the horn button while hubby Rick was unloading the front trunk — ouch — !!

Sweepstakes award — To Kurt Wirth — for brooming away the track puddles prior to practice runs.

Green thumb award — To Dave "Hutch" Hutchison — for his green car, truck and trailer.

Best Housekeeper award — Lori Riley again for leaving the cassette tapes under the seat and letting Rick run first — surprise!!

Fast time of oops! — Your turn Rick Riley for turning a 49.79 during (non-counting) practice.

(Wal) Lee Balloe Broadcasting award — to everyone who used a radio during the day, including yours truly, who began talking just prior to pushing the talk button.

Honesty is the best award — To "Honest Abe" Haug — for bringing to our attention a timing error in HIS favor and the getting blown away by the "assasin" Grover in I2.

Make my day award — to corner worker Julie McNamara — a 44 magnum — for use the next time a lady insists on walking her dog across the track during timed runs.

Martha Reeves "nowhere to run, nowhere to hide" — To Phil Cull's topless speedster 3 miles from home on a rainy day.

Golden glove award — to Steve Williams — who dropped a watermelon salad on the highway M-66 on the way to the track.

Dynamic Duo Award — Previous winners include Bonnie & Clyde, Bambi & Thumper, Nash & Rambler, Addison & Hayes, and now our own "WAGNER & WAGNER."

FAT TIME OF THE DAY AWARD — presented by Uncle "daddy" Frank to preppers Peg

and finally —

YOU DON'T KNOW WHAT YOU MISSED AWARD — to everyone else who didn't attend.

Signed —

Event Chairman — Chuck Olenyk

A PICNIC AT THE APEX

A PICNIC AT THE APEX

August 16th brought a herd of Porsches to Marshall, MI for a picnic at the Scott's home located inside a turn in a country road. And what curve would be complete for a Porsche driver without the appropriate brake markers. (You had to be there - if you weren't - you missed it!!). After the shinning array of German toys was lined up in our yard, the neighbors began to wonder if we had won the big one in the Lotto. One local police officer did give the parking area a thorough inspection as he slowly cruised by.

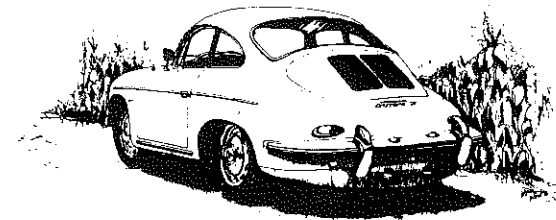

Over 40 Porsche club members and friends celebrated summer at the picnic with several members from Michigan-Indiana region and Motorstadt Region joining in. 20 hamburgers, 30 bratwurst, 1/2 pounds of potato chips and 34 cans of pop were consumed along with lots of treats brought by the picnickers while folk and bluegrass music was provided by the Pleasant Street String Band. Those that stayed late were also entertained by the ruby throated Bill Wagoner of Michigan-Indiana Region and his flying fingers on the guitar after some goading (but not very much goading.). Several club members also got to hear the 39 most popular excuses why the Scott Racing Enterprises project 914 isn't done yet. Comments of "I'm glad I don't have to mow this yard" were also overheard, but it did serve as a good parking lot!!

Although the weather looked threatening several times, it did hold out long enough for everyone to enjoy the good times and Porsche friendship.

Ed and Sandy Scott

Pleasant Street String Band enjoys playing for WMR as much as we enjoyed their music at the picnic

## COLOR TOUR '87

OCTOBER 23-25

JENNY WILEY

## KENTUCKY STATE RESORT PARK

This is the year of things non-traditional for MSR and for the first time in memory, we're going to change our longstanding upper Michigan venue for the Color Tour. Imagine, if you will, a string of glistening Porsches slashing along the winding roads of eastern Kentucky, exhaust notes reflected off the hills, mirroring the colors of the autumn foliage!

Besides being famous for its beauty and hospitality, Kentucky has a system of resort parks which is second to none. This year, MSR will tour to the Jennie Wiley state resort park in mideastern Kentucky. The tour will depart on Friday, October 23, head south thru Ohio and end late that afternoon at the park after 100 miles of the most fabulous sports car roads you can imagine. We'll spend Friday night at the park in modern cottages. Saturday will include free time to golf, explore the park's nature trails, swim in the large lake or whatever. Saturday afternoon will include a semi-organized tour of still more of the area's back roads possibly joined by members of Kentucky Region, PCA. We'll stay over at the park Saturday night, and tour back home Sunday, taking yet another set of back twisty roads up through Kentucky.

This promises to be one of the most beautiful and memorable Color Tours in MSR history. Cost for the rooms is \$80 for two nights. Currently, we have 10 rooms reserved, and if you want to go, you need to commit soon, as several of the rooms are already taken. Call Karl or Bev Haug, 485-0724 (Lansing), evenings to make your reservations.
