A Special TechSpalte: Tires for your Porsche

Several people have asked me lately about tires for their Porsches, and I wanted to give a quick primer.

First, Porsche owners need to understand N-specification tires. Porsche works with tire companies side-by-side during a vehicle's development to tune the vehicle to a specific tire, and vice-versa. Tires that have gone through a full product development process and meet Porsche's standards for durability, noise, hydroplaning resistance, high-speed handling, and so forth are given an N-rating. The first generation of a new tire design would be designated N-0. A new version of the same tire that has been re-certified would receive an N-1 designation, and so on for each new generation of a given tire design. Tires without an N-rating will work on your car, but they may not meet Porsche's exacting performance standards, nor will they be tuned to work as harmoniously with your vehicle. Tire manufacturers adjust materials and construction during the development process, including subtle changes to tread compounds, and they may actually sell the 'exact' same tire both with and without the designation - and there will be differences between them.

While it's recommended that you use N-rated tires, it's not mandatory. So what works best? In my personal opinion, Michelin N-rated tires are simply the top of the heap - they score highly in all categories. Pirellis are great tires, but they tend to wear a bit more quickly for some reason. Bridgestones, Continentals, and Yokohamas are a good bet, but I've found that Kumho tires would wear strangely on the Boxster, giving off lots of noise and vibration toward the end. A great value for us has been the German-made Dunlop SP9000. These have been great tires for us, with outstanding wet handling, noise, wear, and traction characteristics, and only \$200 each for rears vs. \$300 for Michelins or Pirellis.

Lastly, have your alignment checked and tuned as necessary. My 996 C4 had a -1.0 deg camber spec (+/- 0.5 deg), which gave instant response, but chewed up the inside edges fast. I had the dealer re-align the rears from -2.0 deg to -0.5 deg (min but within spec), and my tire life went from 6,000 miles to about 15,000 miles with the same driving habits. That's still an expensive oil change for a 996, but at least I didn't smell burning rubber every time I got out of the car anymore.

Upcoming Events: July Dinner Drives

Ed. Note: Ok, so we tried again to have a couple of DD's surrounding the ALMS series races in July, but ESPN2's broadcast schedule is trying to wreck our plans. Due to host availability, reservations and plans already made, and ESPN's schedule, we're keeping the July 9 evening DD in place, and moving the Sunday drive to the 10th instead. I know, two days in a row, but at least we get to watch one Porsche race together this year... Here are the revised details, we hope you'll be able to join us for one, preferably both! (www.americanlemans.com)

09 Jul July Dinner Drive to Old Boys' Brewhouse in Spring Lake

Host: Randy Portoluri

It's time for our annual dinner drive for July. We will be going to Old Boy's Brewhouse in Spring Lake, which we enjoyed last year so much we decided to go again. We will meet at the Coopersville park & ride at exit 16 off I-96 at 3:30 pm, and leave by 4:00 pm. We will take a short drive through the Spring Lake area and arrive to Old Boys' (on M-104 in Spring Lake, just before the turn onto 32 leading into Grand Haven) by 5:00 pm. We will be outside on the patio to enjoy some warm summer air, weather permitting. The evening's live entertainment will be acoustic guitarist and singer Lukas Pederson. We hope to see you there! We had so much fun last year... So please let us know if you can come, just call Randy at (616) 842-9266 or email rportoluri@charter.net. Looking forward to seeing you there!

10 Jul Celebrating the American LeMans Series (ALMS) at The Score on Northland Drive

Hosts: Dan & Ren Phillips and Jerry Broersma

Let's meet in the parking lot of Forest Hills East High school at 11:30 am on Sunday, July 10th, located at 2200 Pettis Ada, MI 49301. We'll take a short drive through the beautiful countryside east of the Beltline, and arrive at The Score (5301 Northland Drive NE, Grand Rapids, MI 49525) between 12:45 and 1:00 pm. The race starts at 1:00 pm on ESPN2, and we'll enjoy the best wings (and company) the city has to offer!

In Review: The Henry & Edsel Ford Experience

Text & Photos by Len Gawron

Memorial Day Weekend, 2011

Our on-time departure Friday enabled us to arrive at The Walter P. Chrysler Museum in Auburn Hills at the appointed hour. The Museum is unique to others as it includes 3 levels with cars representing specific periods placed on each. While the upper two floors showed the beauty of the early Chrysler, Dodge and Plymouth products which captivated the ladies, it was clearly the historic racing cars from the 1920's forward that captured the hearts of the men in this group. Following the short drive to Dearborn, we checked into The Dearborn Inn (DI), and quickly found the beautifully redecorated and well-stocked bar. Dinner called and we motored to Chelsea and The Common Grill, where fresh seafood is their specialty. Each of our dinner selections was fantastic as were the many wine offerings. Afterwards, it was back to the DI and after dinner cocktails – told you we liked the bar!

Saturday morning came too quickly and after a quick breakfast at the DI we found ourselves on a bus to Ford's Rouge Plant, where they build F-150. The tour began with informative video presentations that shook the floors, rattled our chairs and left the room full of factory smells and steam – awesome! Once back we drove to The Edsel & Eleanor Ford Home in Grosse Pointe. There we enjoyed a catered luncheon and embarked on a tour of the home and grounds. It quickly became evident that Edsel was not cast in his father's image. Edsel's love for style and art grew from his years of travel throughout the world and the design, architecture and decoration of his home and grounds boldly reflected this. (*Ed. - It was truly a sensory overload of priceless art and antiques!*) Michael Betz asked and was granted permission for us to gather our Porsches at the inside of the arched entry. The cover photograph captures this one-time event beautifully.

On our return to the DI and the by now obligatory pre-dinner cocktail hour, we found ourselves again traveling to dinner. This evening we navigated the damp streets of Ann Arbor and arrived at The Gandy Dancer. Despite the over anxious college valets, a few of us parked our own cars and endured the only rainfall of the weekend. Another fine meal, seafood their specialty and how did they manage to prepare each entree so perfectly and serve each at the same moment? It was a truly memorable dinner with delightful friends and conversation.

Sunday began with the DI's reservation for our group at their outstanding breakfast buffet. The weekend ended with friends departing, and tours of Greenfield Village and the Henry Ford Museum. This was a wonderful weekend without obligation to spring chores and such. We hope you will consider traveling with us next June when we will travel again, perhaps over an extended weekend to the many Vineyards surrounding the Niagara region and city of Niagara On The Lake in Ontario!

In Review: Spring-Up to Traverse

Text & Photos by Dan Phillips

Dozens of Porschephiles converged on Traverse City last Father's Day weekend for the 21st annual Spring-Up to Traverse. This year's event was uniquely free-form, where after a short drive, we were given free reign to enjoy this gorgeous part of Michigan on our own terms. Some opted for shopping in Suttons Bay or Leland, others visited the lighthouses or beaches, some hit the casino, while others visited some of the many wineries in the area. At the end of the day, Denny and Joyce Weise did a wonderful job of hosting a first-class event at their beautiful home on the Mission peninsula. A lot of laughter, good food, and good friends new and old. Plus, we were surrounded by Porsches. What a day! See you in September!

Grattan Registration is OPEN!!

Ted Blackledge, Driver Education Chairman

Sign up today for the WMR-PCA annual Drivers Education event to be held at Grattan Raceway – September 10 and 11. REGISTRATION IS OPEN at CLUBREGISTRATION.NET. This will be a two-day event at our favorite home track. We will have several instructors available for the new DE drivers and I promise you a rewarding experience. You can not appreciate the Porsche feel until it is on the closed circuit of a track like Grattan.

For those of you who wish to participate in DEs and Autocrosses this summer, I recommend you contact your insurance company regarding coverage. It appears that coverage from most companies is rare. Auto-

cross is usually very safe and I would not be concerned about hurting your car. Drivers Education events have a higher potential for incidents; however, in the 9 years I have participated in DEs (over 20 track days), not only have I not had a car-damaging event, but I have not even witnessed one. DE events are safe because we have very strict rules that must be followed.

If you want added insurance coverage for your car, please go to www.pcahpdeins.locktonaffinity.com for information on single event coverage.
