John Walters  
President, Western Michigan Region

Happy New Year and welcome to 2012! For those that do not know me, Marshall (my wife) and I have been members for ten years. We have been honored to enjoy the company and cars of the Western Michigan Region membership. We hope the people reading this column feel the same way. As President, I will strive to maintain the enthusiastic momentum of this Region.

I would like to give a big thanks to Dan Phillips for his hard work and close attention to the nuts and bolts of running this club. There have been a lot of exciting activities during his leadership, in particular 2010's 50th Anniversary two day celebration! Dan has also undertaken designing this publication with fancy software adding color pages as well as the economical black and white center content. Making this happen on time with all the challenges is a gift.

Mike Karluk and Barb Doss hosted last month's Appetizer and Wine party. This was their first event and what an elegant evening indeed. The weather cooperated, and the sunset over Lake Michigan was spectacular! Port wine and chocolate truffles were consumed as well as the wonderful appetizers. Vice President, Len Gawron provided single malt Scotch selections as well.

We hope you can attend Member Rick Riley's Dinner Drive January 11 at Leo's in downtown Grand Rapids. Rick has hosted dinners there before. The food and service is top notch. In the past, Lobster Newburg was a special (yum!). Seafood is my favorite, but they do have land choices as well.

I plan on attending Zone 4 Representative Ron Carr's outing to the North American International Auto Show January 14th. I have attended the Grand Rapids Auto Show in the past, and look forward to the BIG Show. It will be thrilling to see the new 991 Platform. See you there!

## January Dinner Drive to Leo's Seafood Restaurant, Grand Rapids, MI

*Host: Rick Riley*

Greetings and happy holidays! Once the holiday season has slowed down, we'll be in the doldrums of deep winter, so what better way to shake off the snow, bring out the ol' Porsche (with snow tires, of course) and join your fellow Porsche enthusiasts for a great dinner at Leo's in downtown Grand Rapids?

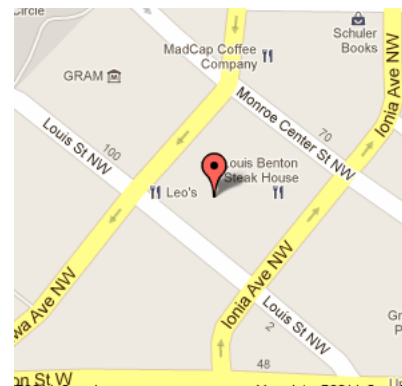

This has become a tradition over the years, and it's one we love because of the great food, great service, and of course the fun of being with Porsche club friends in a beautiful setting. And maybe the great seafood reminds some of us of summer too... You can even park in the structure above the restaurant and walk inside without ever going outdoors - who could ask for more?

When: Wednesday, 11 January 2012  
6:00 pm for drinks, 6:45 pm for dinner

Where: Leo's  
60 Ottawa Avenue NW  
Grand Rapids, MI 49503-2646  
(269) 375-2105

Please RSVP by Monday, January 9th to Rick Riley at [rick.riley@grandxray.com](mailto:rick.riley@grandxray.com).

## Zone 4 Group Outing to the 2012 North American International Auto Show

*Hosts: Dan & Ren Phillips*

For a second year, our Zone 4 representative Ron Carr is working with Porsche Cars North America to host a one-of-a-kind event for Zone 4 PCA members at the Porsche stage at the 2012 North American International Auto Show.

**PORSCHE**

The show opens to the public on Saturday morning. Of course, spending the night is optional, so you are free to make your own plans. However, if you plan on attending the show on Saturday with us, you still must RSVP to Ron Carr at [zone4rep@embarqmail.com](mailto:zone4rep@embarqmail.com) if you plan to attend, because space will surely be limited in the exclusive Porsche VIP area.

Our WMR group will depart for the beautiful and historic Dearborn Inn at 3:30 pm sharp on Friday. Our discount code for the Dearborn Inn will be posted on the Zone 4 website soon, check <http://zone4.pca.org/>.

If you wish to participate, here is the weekend itinerary:

- No need to RSVP for the group drive to Dearborn on Friday, just show up on time.
- Meet at Cascade Meijer parking lot at 3:00 pm on Friday, January 13th; depart at 3:30 pm sharp.
- Drive together to destination hotel; arrive, check in, get ready for drinks & dinner out
- Saturday shuttle to Cobo Hall; meet at Porsche display at 11:45 am (not later than 12:00 noon!)
- Enjoy rest of day at show on your own; shuttle departure back to hotel at pre-determined time
- Meet with the rest of the group on Saturday evening for drinks and dinner at the Dearborn Inn

## **New Member Lunch at Dill's German Restaurant, Middleville, MI**

*Host: Len Gawron*

To all new WMR PCA Members: Have you just joined the Porsche club within the last year? Have you never been to a Porsche club event? Would you like to enjoy a great lunch of fine German cuisine with some great people?

My name is Len Gawron and I am the Vice President of the Western Michigan Region of the Porsche Club of America (WMR PCA). We are a group of Porsche enthusiasts that drive our cars regularly rather than keep them hidden away in the garage. Yes, they have even been on the local tracks for Driver Education (DE), in the rain, snow and even a hail storm or two. We are a very diverse, fun and laid-back group that truly enjoys the friendship of others and an affinity for Porsche automobiles.

We cordially invite you to join us at the New Members Lunch on Saturday, February 4th, so that we can introduce ourselves and the Western Michigan Region of PCA. Joining you will be the club's current and past Board Members, and a number of other enthusiastic members of the club, each quite outgoing and passionate about Porsche automobiles. Over lunch we look forward to sharing with you our passion for Porsche, learning about your interests, and to answer any questions you may have about the WMR PCA.

When: Saturday, 04 February 2012, 12:00 noon  
Where: Dill's Restaurant  
119 East Main Street, Middleville, MI 49333  
(269) 795-7761 (<http://www.dillsrestaurant.com/>)

Kindly RSVP to me at (231) 670-3274 or email [lagawron@comcast.net](mailto:lagawron@comcast.net) not later than Friday, 27 January.

Thank you, and we look forward to seeing you and talking Porsche on the 4th of February!

# TechSpalte: How to Keep Your 2.5L - 3.4L Engine from Becoming a Chocolate Factory

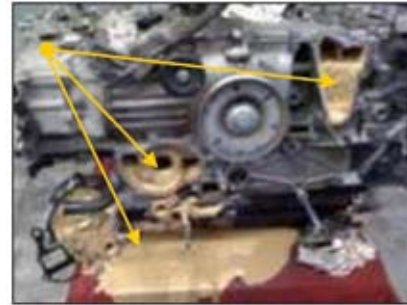

*Contributed by Tim Thatcher, ASE-Certified Master Technician and Owner, Euro Autowerks*

Don't let your engine become a mixer.

We have all heard of the problems incurred with the 2.5 – 3.4 Porsche cooling systems. This month's article will be a general discussion of one of the most common problems, oil and water mixing together.

Fortunately, oil and coolant do not mix well, and as a result leaves certain signs that can alert you of problems occurring. There are two things you can look for.

1. One can be found when checking the oil level or while changing the oil. If you perform either of these operations and the oil on the dipstick or the oil you drained is a brown chocolaty color, chances are you have coolant in your oil.
2. If, while checking your coolant level you notice either balls of oil floating or an oil scum line around the reservoir, then oil is getting into your coolant system.

This mess was in every part of the cooling system and resulted in a complete system disassembly. The heater core and radiator had to be replaced.

There are three primary causes for these conditions.

1. Damaged Oil Coolers – Coolers are like small radiators that mount on top of your engine and have both oil and coolant circulating through them.
2. Cracked Cylinder Liners – A condition often caused by the normal expansion, contraction and vibration of the engine. (We cannot blame Porsche for the design, can we?)
3. Cylinder Heads or Gaskets – Head gaskets are very robust and rarely fail. Cracks in cylinder heads or head gaskets are most likely caused by an engine that runs too hot.

We have all heard the stories regarding these engines and how they become damaged due to the coolant and oil mixing, but what do we do if we own one? How can this problem be avoided if possible?

Here are some basic rules that may help you avoid a burned-out engine due to this problem:

- **USE YOUR TEMP GAUGE!** Make sure your gauge reads within the normal operating range. (Any unexplained change in the normal position of the pointer can be an indication of trouble.)
- Keep road debris out of your radiator and connecting ductwork.
- Check your coolant level regularly.
- Repair any coolant system problems right away.
- Do not drive your car if the engine is overheating. Have it checked out to prevent further damage.

So thick it would not flow out on it's own. This car was driven far too long without the problem being checked and corrected.

If you own one of these cars, don't panic. Enjoy driving it, but stay alert to any potential problem.

I have been asked if regularly changing the coolant would be wise and possibly prevent this problem. Porsche says it's a "life-time" coolant and seeing that a 3.4 holds 6.6 gallons of coolant, at \$36.00 per gallon, it's a lot of expense to change it. I would recommend that you have the PH level checked every year. If the PH gets too far off, then you may want to change it or add an additive to correct the PH level.

Next month we'll discuss a variety of topics pertaining to used car purchases, such as buying on eBay, out of state purchases, Carfax, used car inspections and more.

*Craig & Chris Ackerman and Ted & Gabi Blacklidge cordially invite you to WinterFest 2012, our annual gala banquet!*

Mark your calendars for Saturday, March 3rd to attend the West Michigan Region's Annual WinterFest. This year's event will be held at the Blythfield Country Club, a beautiful facility founded in 1929. Under Executive Chef Jeffrey Hiler, the food service mission states: "to provide an extraordinary dining experience for members and their guests, we use the freshest ingredients to prepare your meals in both innovative and traditional ways." We can attest to appetizing dishes created by Chef Jeff.

WinterFest has been a popular evening to gather with your Porsche friends for interesting conversation, a delicious meal and brief review of the activities of the past year; however this year, to bring a bit more Fest into WinterFest, we are including music by Moments in Time Disc Jockeys. So bring your dancing shoes!

Also please note, there will be no mailed invitations as in years' past. The RSVP available for download now on the website will be your only method of response.

Please download the RSVP form, fill it out, and return (along with your check for \$45/person) by February 24th to:
