Board Meeting  
Garage Kept Motors

# 800 volts of Auf Wiedersehen.

Say hello to perhaps the most electrifying Porsche to ever come out of Stuttgart. The Porsche Taycan. A fast-charging 800-volt system architecture propels you from 0-60 in just 2.6 seconds - again and again. An advanced cockpit marvels driver and passengers alike. All infused with clear Porsche design DNA. Say goodbye, garage.

**Experience true electrified performance.

# EACH DAY ADDS A LITTLE MORE SUNSHINE

## LETTER FROM THE PRESIDENT

I hope this year-end letter finds you well and rested as the holiday season comes to an end. We can all rejoice that the winter solstice is behind us, and the days are getting longer. What that means is it isn't too early to start perusing online articles on the newest and greatest way to add shine and protection to that Guards Red, Speed Yellow, Miami Blue, Irish Green, or whatever variety of paint color you have on that car resting in the garage. Still a bit cold for application, but never too soon to dream of warmer weather!

Speaking of the holiday season, Rex Tsui & Joyce Lo started December with the reemergence of the Appetizer Party hosted at their Ada home. As always it was well attended. There was more food than even the most unreasonable person could eat. It was topped off by a birthday celebration for the club's own secretary Marshall Walters. Congrats Marshall, I hope you found an honored location in your home for the sash.

As we look forward, once again Tyan Roelands has coordinated with our friends at Garage Kept Motors for an open house on January 19th. If you haven't attended this in the past, I highly recommend it. Their inventory of cars is varied and interesting. The food and drink are of equal high quality to the automobiles.

I want to be certain to remind you to add Winterfest to your calendar. This year it will be Saturday, February 18, at Watermark Country Club. There will be food, drink, merriment, a charity auction, and the announcement of the recipients of this year's enthusiasts awards. A small group of hardworking members started planning this months ago to find the right location, select the menu, and organize all the key details. If history is to be repeated, there will be attendees with over 40 years in the club to first year members. This effort and mixture of participants always makes for a special evening with friends old and new.

And of course on the following day, Amber Door and Jerry Arens will be hosting the Morning After Brunch on Sunday, February 19. This year it will be at Linear Restaurant. Linear is a popular eating establishment with many of our members and we expect Todd will once again treat us to a special dinner. Seriously, you can't get too much of good people and good food and this event provides an overabundance of both.

As we start a new year, many of us look forward to the track. If you haven't been paying attention, sports car racing is approaching a zenith of popularity. As evidenced by the Rolex 24 at Daytona having maxed its limit of 60 cars. (A reported 72 teams requested entry to the race.) While there are more marques racing than we've seen for years, Porsche will again be back competing in the highest classes in IMSA and the World Endurance Championship. At IMSA's Daytona race, they will debut the new Porsche 963 LMDh prototype. In addition, Porsche will also be introducing the 992 911 GT3 R being campaigned by multiple teams in GTD Pro and GTD classes. Pfaff won the pro title last year in a 911 and will be back again to defend their title. At least five teams are campaigning 911s in the very crowded GTD class so let's hope for a trifecta of titles after Petit Le Mans in October.

Stay warm and remember, while most of our cars may be in hibernation, the club is still active. Put on a warm coat and I hope to see you at a future event. It doesn't get old to say, ...It's the people!

Frank

## Custom Speakers for the Modern Home

Our new loudspeakers blend sophisticated modern furniture design with amazing sonic performance, and can be customized with almost limitless options to perfectly complement your space.

The unique cylindrical design of OH-16 goes far beyond the 'black rectangular box' design of most speakers. Our point-source co-axial driver firing into a conic reflector generates a 360-degree omnidirectional sound field, creating an enormous and lush soundstage that everyone in the room can enjoy. With big, tight, room-filling bass from the powerful 12" woofers, it's like being in the front row.

Build yours today at [phillips-design.com](http://phillips-design.com).

# A LOOK BACK - JOHN AND RUTH ALEXANDER

BY CHUCK OLENYK

These photographs, and this issue's cover, were taken in 1959 at the home of John and Ruth Alexander at 2746 Elmwood Drive SE, Grand Rapids. They were two of our original charter members who attended the very first planning meeting to form WMR in 1960. But, they were into Porsches years before this region even existed. The upcoming issues of ÜberAlles will contain their adventures here in Michigan, at the national Parades, and even international trips to purchase their Porsches. John and Ruth actually attended the very first "Treffen to Germany" to purchase this 1959 Cabriolet. Ed Salo and Katrina Salo have graciously furnished us with photos, facts, and even their grandmother's amazing travel diaries, such as, the photos used in the October Über Alles for us to have a look back into our past. By the way, the other car parked in the front yard under the snow is a 1936 Plymouth 2 Dr Touring Sedan that belonged to 18 year old son Don Alexander, his first car.

*About 64 years ago in 1959 at 2746 Elmwood Drive SE, Grand Rapids*

November 16, 1960  
Dear John,  
You are appointed Porsche Club of America,  
Western Michigan Region Historian. Of  
course, you have to accept this job, but I  
wouldn't call on you if I didn't feel you  
were the best person for this job.

Dear Phil :

Thanks, very much, for your "railroading" letter of November 16th. I'll bet Earl Kirschbaum had something to do with it.

I will accept the job of Historian for the Porsche Club of America, Western Michigan Region. I will try and do the project correctly, so the scrap book will amount to something in the years ahead.

*John Alexander was this Region's very first historian. Judging from this correspondence and my own experience, the process of "nominating" hasn't changed in all these years.*

This photo appeared in the January 1961 issue of Panorama. John sent a number of photos and a letter to Porsche Panorama editor, Kenneth Twigg. He wrote, "Dear Ken, Phil Gidley asked me to send you some 'snaps' taken on in the office of John 'Chet' Owen here in Grand Rapids at which time Phil, Chet and Norm Dunn were going over the 'make-up' of the PCA Western Michigan Region newsletter for February. I have a new Strobe Light and it's the first Black & White pictures I have taken with it and from the look of these pictures, I could do better. When you get through with them, please send them back for our 'scrap book'. Thanks". I noticed the scrap book being mentioned a number of times in the early years, but, unfortunately has been lost.

*From left are Norm Dunn, V.P., Chet Owen, Sec-Treas., and Phil Gidley, President in 1961. Initially they named the newsletter "Porsche's Faces Life".*

John, on the left, and Chet Owen with their 1958 and 1959 356A Cabriolets in front of Chet's office at 305 Fulton St. SW in Grand Rapids in 1961. The building no longer exists and the location is now the site of the Grand Valley State Univer-

*John Alexander (left) and Chet Owen with their 356A Cabriolets in 1961*

sity's Fred M. Keller Engineering Laboratories building just West of the Grand River. The hardtop on John's car was as a member of the 356 Registry said "popular back when people drove these cars in the winter, salt be damned, having the hardtop made sense. Today, everybody (well, almost everybody) wants the soft top." Back then your options were seemingly confusing with a soft top for hard top models a \$195 option, and the hard top for the soft top cars was \$170!
