

Taste of the Track

NEW for 2025 we will be offering "Taste of the Track" on Saturday only. The purpose of "Taste of the Track" is to introduce a driving enthusiast to the wonderful world of high performance driving PCA style. We understand that some drivers would like to learn more about the PCA Driver Education program, but are not quite ready to be a full-time DE Entrant. To participate in the Taste of the Track an entrant:

1. Be at least eighteen years of age.
2. Complete the appropriate entry form, pay the Region's fee, and sign all appropriate insurance waivers.
3. Attend the Region's novice student activities which include the general drivers' meeting and Novice classroom session(s).
4. Comply with the Facility's and PCA Region's clothing requirements.

No helmets or pre-event vehicle Tech inspection are required for Taste of the Track entrants. As part of the Taste of the Track an HDPE Driving instructor will take the entrant for a session in the instructor's car. There will be also be an afternoon session/track tour for all Taste of the Track entrants when the Taste of the Track entrants will be able to drive their own car with an instructor in the passenger seat.
